PROFESSIONAL EXPERIENCE

LinuxWorld Informatic Pvt. Ltd.   June 2025 - Present

- LinuxWorld Informatics Pvt. Ltd. is a leading training institute specializing in Linux, DevOps, Cloud, and AI/ML technologies.
- It is ISO 9001:2008 certified and a recognized Red Hat, Cisco, and EC-Council training partner.
- The company offers hands-on internships and project-based learning under the guidance of industry expert Vimal Daga.

Cynbit Technologies   July 2024 - Aug 2024

- Cynbit Technologies is an emerging IT company that offers industry-focused solutions and modern digital services. It is known for providing career-oriented internships to freshers in various domains.
- I successfully completed my internship at Cynbit Technologies in the UI/UX design domain, where I gained hands-on experience in user interface development and user-centric design practices.

Devyut Technology Pvt. Ltd.   June 2023 - July 2023

- Devyut Technology Pvt. Ltd. is an IT company offering development services and internship opportunities to freshers.
- It provides a supportive and growth-oriented work environment for learning and collaboration.
- I completed my Web Development internship here, gaining hands-on experience in real-time projects.

PROJECTS (GIT-HUB)

1. Smart Code Explainer - The Smart-Code-Explainer project provides intelligent code explanations to help users understand programming logic more easily. It is primarily developed using Python.

2. File Manager - This project, "file_manager," is a repository for managing files, likely providing tools or scripts to organize, manipulate, or interact with file systems. The main programming language used is Python.

3. Multi-Utility-App - This project is called MultiUtilityApp and is primarily written in HTML. It is a public repository containing various utility features (details can be found in its source code).

4. Personal Portfolio - This project is a personal portfolio repository by avi2614, designed to showcase skills and work. The primary language used in this project is TypeScript.
